Staffing Announcement to KCRNC Community

Message from Maria Komisarenko, Program Manager of KCRNC

Hello KCRNC Community!

I am writing to introduce myself to you all as the incoming Program Manager for the Kidney Cancer Research Network of Canada, as well as to confirm Camilla Tajzler as the new Manager for Canadian Kidney Cancer information system.

I am grateful for this opportunity and excited to work with all of you in the coming months. Some of you I may have met through the research community and conferences but those who I have not - hope to see you and get a chance to chat at CKCF 2022 or CUA 2022!

Speaking of which- save the dates for CKCF 2022 will be sent out in the coming weeks. The meeting is being organized by CUA this year and is promising to be interesting and thought provoking.

Any KCRNC matters or questions please do not hesitate to reach out to me maria.komisarenko@uhn.ca / 647-920-9459). For all CKCis related matters and communication you can continue to contact Camilla Tajzler (CT.Solutions@pm.me).

Camilla will be sending out a CKCis newsletter with the latest updates to the platform in December 2021.

Finally, I'd like to thank Ranjena Maloni who dedicated 6 years to the role and has contributed greatly to the success of KCRNC over the years.

This organization is poised to continue to make great things happen and spur progress and innovation for the field of kidney cancer. I look forward to help make sure this is the case in any way I can.

Best regards,

Maria Komisarenko
